

#PeoplePlanetProduct

## PEOPLE

**Relationships with our employees, suppliers, and local communities**

1. Be a fair and equitable employer that develops its people
2. Focus on health & safety and overall well-being of our employees
3. Grow a supply chain committed to ethical standards
4. Foster positive impact in our local communities

## PLANET

**Environmental footprint of our operations and the climate impact of our value chain**

1. Reach Net Zero carbon
2. Avoid operational waste and prioritize recycling
3. Manage water use
4. Avoid pollution

## PRODUCT

**Sustainability considerations in our culinary and packaging offering**

1. Offer healthy and nutritional food
2. Ensure highest standards of safety in food and packaging
3. Advance responsible resource use and preserve biodiversity
4. Champion circular economy
